|----------------|--|
| ABOUT | This week's design is a homepage for an SEO agency named Smart SEO. |
| GOAL | Build this layout with HTML & CSS as accurate as possible. |
| BONUS 1 | Redo the site for different screen sizes. If you have already decided to go for the responsive layout, take the 'mobile first' approach. |
| BONUS 2 | Create a slider for the testimonials, <i>'What our clients are saying'</i> . |
